MATRADE: METALTECH & AUTOMEX Ideal Platforms to Drive Innovation and Growth

The official opening ceremony of METALTECH & AUTOMEX 2023 was held with thrilling fanfare this morning at MITEC. Guest of Honour at the event was MATRADE Deputy CEO Puan Sharimahton Binti Mat Saleh, while event Founder and Chairman YBhg. Dato Dr Tan Chin Huat, Informa Markets COO & CEO Patrick Martel, Informa Markets Asia President Margaret Connolly and Vice President Ian Roberts were also in attendance.

In her keynote speech, Puan Sharimahton revealed that the Malaysian Machinery & Equipment (M&E) industry is demonstrating strong growth (grew by 19% to USD34.03 million in 2022) and underscored the important role of both METALTECH & AUTOMEX in enabling Malaysia to achieve its vision of becoming a regional hub for smart manufacturing, advanced technology and high-tech industry.

“Automation and robotics will play a fundamental role in enabling Malaysia to achieve its Industry 4WRD ambitions, which makes the co-locating of these two exhibitions the perfect combination. I have no doubt that this vibrant gathering of industry experts, exhibitors and visitors will inspire new ideas, collaborations and partnerships that will shape the future of our industries,” said Puan Sharimahton.

Global and regional leaders from Informa Markets echoed the MATRADE CEO’s sentiment and pledged to continue growing and developing this trade platform that is vital to industry advancement.

“These events certainly act as a catalyst for fostering economic development. We are proud to have witnessed how METALTECH & AUTOMEX have become renowned platforms attracting industry leaders from around the globe and influencing the industry’s evolution across the region,” said Patrick Martel.

“Backed by our track record of nearly three decades, we will continue to be the reliable trade exhibition that brings together leaders and professionals from across the industry to exchange knowledge, discover opportunities and unlock mutual progress,” said Ian Roberts.

Thank You for the Electrifying Turnout

We are humbled by the incredible response from buyers and visitors for METALTECH & AUTOMEX 2023 so far! Your enthusiasm and presence have created an electrifying atmosphere and we are thrilled to witness the immense passion that drives this industry forward.
STAY INSPIRED, STAY ENGAGED, AND LET'S CONTINUE TO REDEFINE THE POSSIBILITIES!

Propelling Advancement Through Product Launches

We are delighted to have established METALTECH & AUTOMEX as the ultimate platform to introduce new innovations to all industry professionals. In addition to our featured product launches organised by Bosch and the Taiwan PMC this afternoon, numerous other leading brands have chosen this event to unveil their latest and greatest technological solutions.

Thank you for making us a part of your product launches and we look forward to witnessing the positive impact they will have on the industry as a whole.

Seminar Area | Level 1, Hall 2

Discover Game-Changing Industry Developments

Quench your thirst for knowledge and embark on a journey to explore the future. Immerse yourself in engaging seminar sessions that highlight the latest technology trends and advancements, presented by a diverse range of innovative companies.

Tomorrow is our final day of seminars – so don't miss out!

10:30am - 11:30am

**Driving Business Through
Digitalisation and Automation**

Mr. Chan Wei Eik and Dr. Yeong Che Fai

DREAM TECHNOLOGY SYSTEM SDN BHD /
REVOLUCION TECHNOLOGY SDN BHD /
DF AUTOMATION & ROBOTICS SDN BHD

11:30am - 12:00pm

**SME's Journey Towards
Industry4WRD**

Dr Maksim Sonnykh

BOSCH REXROTH SDN BHD

01.30pm - 02:00pm

**Challenges and Opportunities of
Deploying Autonomous Mobile Robot
(AMR) in Industry**

Dr. Yeong Che Fai

DF AUTOMATION & ROBOTICS SDN BHD

02:00pm - 02:30pm

**The ERP System for a
Sustainable Future**

Mr. Tyreal Tai

MONITOR ERP SYSTEM SDN BHD

02:30pm - 03:00pm

**Development and Challenges
in the Fiber Laser Processing Industry**

Mr. Lawrence Lee

JINAN BODOR CNC MACHINE CO.,LTD

A NIGHT TO REMEMBER

It was another exhilarating night filled with indulgent food, rousing entertainment and great company as we showed our esteemed exhibitors how much we appreciate their contributions. Thank you to all that attended, and we hope the new relationships formed will lead to exciting future collaborations!

The Buzz from our Esteemed Exhibitors and Valued Visitors

“ I think this is the eight or ninth year of our participation, so we have been here since 2015 at least. This is certainly our main lead generation event, as we always meet lots of manufacturers here. It's been great for us, and that's why we have been coming back for eight straight years!

Daniel Häggmark
Monitor ERP System Sdn Bhd | Managing Director

EXHIBITOR ”

“ METALTECH is a valuable platform for companies who are in the metalworking and manufacturing sector to meet and engage with one another. Especially so for Singaporean companies armed with the latest technology and expertise, as they can engage with regional customers looking to enhance their manufacturing capabilities and capacities. We look forward to more engagement with the region and beyond, and thank you to the organisers for making this possible.

Jimmy Leong
SPETA | Project Manager

EXHIBITOR ”

“ I thought maybe not so many people would come because we are still recovering from the pandemic, but to my amazement, lots of people have turned up and from all walks of industries. I think the expansion into a larger product range has helped to draw more people to come in as well.

Ben Thoo
Heli Forklift (M) Sdn Bhd | Manager

EXHIBITOR ”

“ We are so happy to be participating this year. The first time we exhibited was in 2010 and it's great to be back. Today I can see more and more new faces, young engineers and professionals, so it's a pretty exciting opportunity, both for me and my colleagues from Germany.

Daniel Tay
Beckhoff Automation Sdn Bhd | Managing Director

EXHIBITOR ”

“ METALTECH is very helpful to industry players, as it brings together international suppliers, not just from Asia Pacific, but also from Germany, America and many other countries. It's a very important yearly event and I think from now on, I will come to METALTECH every year.

Andrew Tan
Atrobot Sdn Bhd Malaysia | Director

VISITOR ”

“ We came here looking for new technology to help us run our operations more efficiently and cost-effectively. I have already seen a lot of automation and robotic solutions that can help us improve the quality and cost of our products. The exhibitors are able to entertain and answer my questions very well, so the experience has been very good so far.

Harun Rahim
Asst Procurement Manager
Johnson Controls Hitachi Air Conditioning

STAY INSPIRED, STAY ENGAGED, AND LET'S CONTINUE TO REDEFINE THE POSSIBILITIES!

AC MECA (M) SDN BHD

BOOTH NO.: 3320

FIBER LASER MACHINE

ACTECH IS THE LEADING PROVIDER OF AFFORDABLE CNC MACHINE AND SYSTEM SOLUTIONS TO THE METAL INDUSTRY.

As cost pressure grows, production times are becoming shorter and skilled staff is harder to find. Customers no longer want to invest machine with

AIR PRODUCTS SDN BHD

BOOTH NO.: 3310

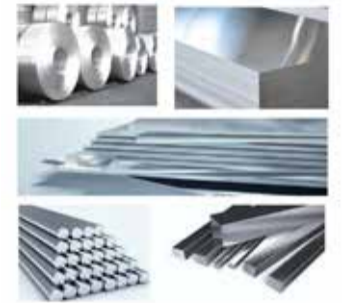

Linx[®] shielding gas range & Integra[®] cylinder range

Air Products, a world-leading industrial gases supplier enables metal fabrication companies to grow sustainably with our innovative gases and gas supply solutions.

AMS METAL GROUP

BOOTH NO.: 8120

Aluminium

AMS provides solutions and caters the needs of its end users by customizing products to their requirements, in different forms such as Slitted Coils, Cut-to-Length, Sheet, Clad Materials, Aluminium Plates and various Aluminium Extrusion Profiles etc.

AOTAI ELECTRIC HOLDING (MALAYSIA) SDN BHD

BOOTH NO.: 3220

WELDING MACHINES

Full range of Quality, reliable, industrial welding machines. Direct from manufacturer to you, now available in Malaysia

BAYKER MACHINERY (M) SDN BHD

BOOTH NO.: 4100

CNC Fiber Laser Cutting Machine

Specialise in supply CNC Plasma & Fiber Laser Cutting Machine

BECKHOFF AUTOMATION SDN BHD

BOOTH NO.: 7002

eXtended Transport System (XTS)

The eXtended Transport System (XTS) offers maximum freedom in one dimension and high dynamics. It replaces complex mechanisms with software-based solutions, which also allows new functions to be added to the system by means of updates—entirely without any redesign.

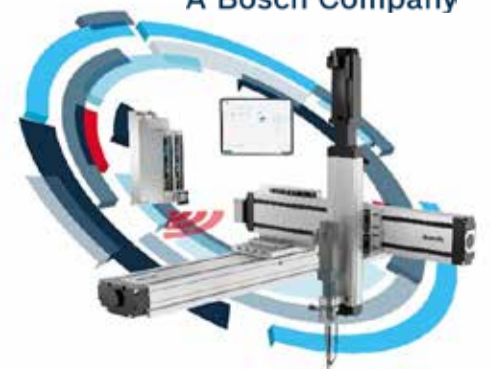

BOSCH REXROTH SDN BHD

BOOTH NO.: 7270

SMART FUNCTION KIT FOR PRESSING

The Smart Function Kit is suitable for a variety of pressing applications. It combines mechanical, electrical & software components for forces ranging from 2 to 30 kN. Best of all, it requires zero programming knowledge with just plug & produce.

ERA AUTOMATION SDN BHD

BOOTH NO.: 7325

Laser Machine and Automatic Parts Feeding Solution

We are custom machine maker specialized in automotive and security seal industry, sole distributor of Laser Machine, Industrial Panel PC, and Automatic Parts Feeding Solution.

CO2/Fiber/UV Laser

Automatic Parts Feeding System

FEIKEN BEARING

BOOTH NO.: 7323

Bearings

Improve your machinery's performance with our reliable bearings. Our high-quality components reduce friction and support rotating shafts or axles, making them ideal for industrial use. Choose from various sizes and styles for optimal results.

HAPOND DIGITAL TECHNOLOGY SDN BHD

BOOTH NO.: 3360

XT-1530G

Fiber Laser Cutting Machine equips with fiber laser generators. This model, with overall enclosed structure, high accuracy and stability, effectively eliminate the vibration generated during high-speed cutting, the maximum acceleration up to 1.5G. Taiwan rack, and pek/slopes guide dual-motor drive system

XQL LASER CHINA CO., LTD

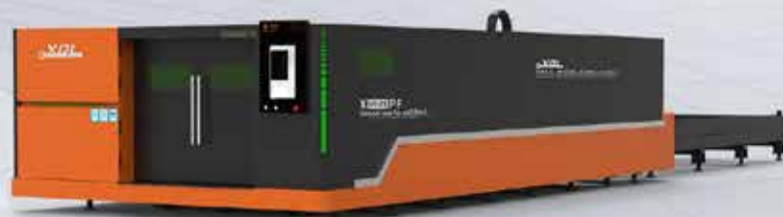

17+ years manufacturing & sales experience

MALAYSIA METALTECH

Malaysian International Trade & Exhibition centre. Kompleks (MITEC)

Time: **MAY 31th to JUNE 3rd**

Booth No.: **4215**

LASER CUTTING
LASER WELDING
WELDING & CUTTING AUTOMATION

HEXAGON MEASUREMENT TECHNOLOGIES SDN BHD

BOOTH NO.: 2120

Absolute Scanner AS1

The market-leading 3D laser scanner for portable arm measurement. With the Absolute Scanner AS1, there are no compromises. There's no need to reduce scanning speed to achieve best-quality data, even when using a WiFi connection; no sacrificing usability and productivity.

HIWIN SINGAPORE PTE LTD

BOOTH NO.: 2110

Scara Robot

Possessing high precision and flexibility, a rotary axis can be added to the joint-end to increase the degree of freedom. Different end-effectors can be incorporated to achieve high precision assembly or rapid planar machining.

IFM ELECTRONIC PTE LTD

BOOTH NO.: 7276

Sensors

Measuring, controlling and evaluating. ifm group is the ideal partner for pioneering automation and digitalization technology. ifm has developed, produced and sold sensors, controllers, software and systems for industrial automation worldwide.

LIFTECH ENGINEERING (KL) SDN BHD

BOOTH NO.: 4275

A-SHAPED GANTRY CRANE

LIFTECH GROUP OFFERS MULTIPLE CHOICES OF CHAIN HOIST AVAILABLE ACCORDING TO CUSTOMER REQUIREMENT. LIFTECH CHAIN HOIST CAN BE USED ON MULTIPLE INDUSTRIES SUCH AS CONSTRUCTION, MANUFACTURING, AUTOMOTIVES AND MANY MORE.

LVD (MALAYSIA) SDN BHD
BOOTH NO.: 4280

DYNA-PRESS PRO EFL

Dyna-Press is your perfect bending partner. This fast, efficient, electric-drive pressbrake is available in 20, 40 and 60 tons of pressing force with five-axis backgauge to handle broader range of applications. With the optional Easy-Form[®]Laser, the Pro delivers ultimate precision.

MAKES SDN BHD
BOOTH NO.: 7310

WEH

WEH is a leading manufacturer of quick connectors for filling applications and function, pressure and leak testing of components during production with 50 years of experience. The high-quality products from WEH are field-proven in multiple industries and provide safe, reliable and pressure-tight connections in just seconds.

MEAN WELL MALAYSIA SDN BHD
BOOTH NO.: 7236

MEAN WELL SWITCHING POWER SUPPLY

Founded in 1982, MEAN WELL is one of the world's few manufacturers dedicated to standard power supply products. MEAN WELL has over 10,000 standard power supply and global technical services teams providing customized configurable system solutions.

ROBO CNC SDN BHD
BOOTH NO.: 3270

JFY CNC Laser Cutting & Bending Machines

With more than 25 years of experience in Laser cutting, bending and punching technology we offer the whole bandwidth of production solutions. JFY, your reliable partner in sheet metal technology.

SODICK TECHNOLOGY (M) SDN BHD
BOOTH NO.: 8225

AL Series "i Groove+ Edition"

The world's first AL Series Wire-cut EDM with Wire Rotation Mechanism "i Groove+Edition" achieves superlative performance with in-house developed core technologies. It offers flexible control from high peak currents for efficient rough machining to ultra-fine discharge pulses for micro-finishing.

MONITOR ERP SYSTEM SDN. BHD.
BOOTH NO.: 7105

Monitor ERP

Monitor ERP is a complete ERP system optimized for manufacturers. It makes your business more profitable, efficient, and reliable, empowering you to take full control of your supply chain, inventory, production, and planning.

TAKAMAZ
BOOTH NO.: 3260

TAKAMAZ

CNC Precision Lathe machine

For over 75 years, we have become the leader manufacturer of CNC lathes in Japan. And we continue to develop technology as well as meeting the needs of infinite for possibility for customization for our customers.

SRITA SDN BHD
BOOTH NO.: 8130

SRITA SDN BHD

Srita Sendirian Berhad, established since 1979, is an importer / distributor specialized in fastening tools, machine tools, pneumatic tools & components, quick-connect couplings and fittings, hoses and tubings, industrial handtools, paint spray guns and other related products. Based in Klang with branch offices in Penang, Melaka and Johor Bahru.

TCIM SDN BHD

BOOTH NO.: 8412

UniCarriers BX2 Forklift Electric Models (1.0 – 3.5 Ton)

The UniCarriers BX2 Series comes with a cool, exciting body design, and is equipped with the full complement of functions and the ease of operation that users are looking for.

TOOLS & MACHINERY PARTS SUPPLIES SDN BHD

BOOTH NO.: 7340

TOHNICHI - INGERSOLL RAND - ESTIC - HYTORC - NOONEE

Precisions fastening tools for both low and high torque applications, catering towards error proofing and traceability. Ergonomic solutions aimed at improving quality of life. Consult us for custom solutions to fit your application needs.

TSIS WELDING SOLUTIONS SDN BHD
BOOTH NO.: 4240

Fronius TPSi CMT robotic system

Fronius CMT robotic welding, perfect welding with outstanding performance
99% low spatter
High welding speed
Low heat input with low distortion
Intelligent data system with Industrial 4.0 ready
High quality output worth for the price

TSIS Welding Solutions Sdn. Bhd.

TSM WELDING TECHNOLOGY SDN BHD
BOOTH NO.: 4120

FD Series_FD166/210 World Class Speed Robot Gun

The TSM Welding Technologies Group (Means: TSM group and co-operation partners) supplying copper alloy around South East Asia, with more than 3000 automatic and robotic welding system. As the Market most high volume supplier and most experienced supplier of the resistance welding machines and systems, the TSM Welding Technology Group is the best choice to satisfy your needs.

SINGAPORE PAVILION

ABRASIVE ENGINEERING PTE LTD BOOTH NO.: 3396

Kompac Blaster with Micro Blast

Kompac Blaster combine with Mirco Blaster, fully assembled with in-built dust collector, provides a 2-in1 solution for industry users who require both machines. Simple to operate and helps to save space. Ideal for all industries.

BAN CHU LEONG TECHNOLOGIES PTE LTD BOOTH NO.: 3388

VSM Abrasives

manufacturer of high-quality coated abrasives for industry users, specialist retailers and trade professionals, and for a wide range of applications. Aviation, Metalworking, General and Precision Engineering, Heavy Metal Industries.

CF GLOBAL TECHNOLOGIES PTE LTD BOOTH NO.: 3390

Fluorescent Penetrant Inspection (FPI)

CHiNDT designs and manufactures FPI systems with a high level of automation and various functions, including etching, pre-cleaning and post-cleaning auxiliary systems. Typical customers include Pratt & Whitney, Safran, GE, Martinrea Honsel, MAGNA, etc.

HYDROFORM PTE LTD BOOTH NO.: 3393

Fabriflange

Compact quadruplex TDF Flange Forming Machine with outboard TDF Cleat along with slitter and option for a cutter for your flat, L, U and box ductwork finishing.

LIONAPEX EQUIPMENT PTE LTD BOOTH NO.: 3386

LIONAPEX

Brother SPEEDIO S700Xd1 Compact Machining Center

The workhorse of Brother's range of Compact Machining Centers, the S700Xd1 is equipped with the new "CNC-D00" controller to improve productivity and usability.

A new 28-tool magazine option increases target workpieces, leading to process integration.

INTEC PRECISION EQUIPMENT PTE LTD BOOTH NO.: 2319

INTEC

NOGA Deburring Tools

NOGA, the world leader in Hand Deburring tools, offers the most comprehensive and versatile line of manual deburring tools. We offer the best solutions for removing burrs from any type of materials or applications. Contact us for more information!

Deburring Tools

NOGA

NITTI (ASIA) PTE LTD

BOOTH NO.: 3395

Nitti Low-Cut Shoes 21281

It is a lightweight version of the original Nitti 21281. This model is designed to provide you with extra comfort during those long working hours. It will be your best choice in construction and light industrial environment.

OPTICAL GAGING (M) SDN BHD

BOOTH NO.: 2310

OGP Smartscope FlashCNC 300

OGP SmartScope FlashCNC 300 is one of the most versatile Bench-Top Metrology Systems. With Z-axis of 250 mm to accommodate large parts.

REACH ELECTRICAL (S) PTE LTD

BOOTH NO.: 3398

Electrical Heating System and Temperature Sensing

REACH ELECTRICAL (S) PTE LTD is specializing in heating elements, temperature sensors, digital control accessories and customized heating systems. We aim to constantly strive and pursue with passion in higher degree for excellence to exceed our customer's expectations.

RECTITUDE PTE LTD

BOOTH NO.: 2315

D&D SAFETY SHOE

WE ARE SPECIALISED IN PERSONAL PROTECTIVE EQUIPMENT SUCH AS SAFETY FOOTWEAR, FALL ARRESTER & ETC FROM HEAD TO TOE.

SL METALS PTE LTD

BOOTH NO.: 3399

Aluminium Alloy Sheets, Plates and Extrusions

SL Metals is a specialist supplier of aluminium alloy sheets, plates and extrusions in various grades - 1100, 2024, 3003, 5052, 5083, 6061, 6082, 7075. Equipped with advanced cutting machines, we offer cut-to-size solutions to make your job easier.

SINGAPORE PRECISION ENGINEERING AND TECHNOLOGY ASSOCIATION

BOOTH NO.: 2318

Singapore Precision Engineering & Technology Association is the leading trade association for the Precision Engineering Industry. Our members comprise both SMEs and MNCs engaging in the manufacturing and distribution of precision engineering components, products, tools, equipment, machinery and other solutions.

TSUZUKI DENSAN SINGAPORE

BOOTH NO.: 2317

IGBT, SiC, IPM, Relay, Power Supply

We introduce Japanese semiconductor products of Fuji Electric IGBT, SiC, IPM(Intelligent Power Module), FCL Relay (Power, Signal) and a Japanese power supply(AC/DC, DC/DC) of TDK-Lambda.

IGBT,SiC

Relay

Power Supply

SQC WIRE MESH

BOOTH NO.: 2313

Stainless Steel Wire Mesh

SQC Wire Mesh provides our customers a wide range of wire mesh solutions.

We specialize in all kinds of woven wire meshes made from a wide range of materials Like SS304, SS316,SS430, Monel, Inconel and ETC.

VF FASTENING SYSTEMS PTE LTD

BOOTH NO.: 2316

Fastening Systems

Nutserts, Rivets, Clinching Fasteners, CD Studs, Serrated Washer, Rivet Tools, Nutsert Tools, Wire Thread Inserts, Locks, Gasket, Takigen, EMKA, Gesipa, HBS, KATO, Kerb Konus
