METALTECH[®]

Co-locating:

autoMEX

31 MAY - 03 JUNE 2023

MITEC, KUALA LUMPUR

31 May - 02 June 2023 | 10am-6pm
03 June 2023 | 10am-5pm

Organised by:

www.metaltech.com.my | www.automex.com.my

Haven't Visited Us Yet? **DON'T MISS** THE FINAL DAY **FRENZY!**

The clock is ticking, and if you haven't visited yet, don't miss out on the exhilarating last day of METALTECH & AUTOMEX 2023. With two levels and 22,000sqft of cutting-edge exhibition space featuring the latest industry innovations, there's plenty to explore - even for visitors returning for a second or third time!

We are extremely grateful to all buyers and visitors who have attended this year's edition and helped to make it one of the most visited editions in our 27-year history. Your robust support has energised our commitment to continue pushing boundaries and accelerating industry progress.

METALTECH & AUTOMEX will only grow bigger and better, as we further fuel the manufacturing and automation industry revolution that we are currently experiencing. **Join us on this journey as we unveil the future, helping you to connect with pioneers and unleash the potential of your business and brand.**

The countdown is on—be part of the unforgettable finale at METALTECH & AUTOMEX 2023. Please note that we are open from 10am to 5pm on Saturday 3rd June 2023.

Last Call for **FREEBIES** FROM OUR OFFICIAL WELLNESS PARTNER **HEALTHLAND**

Complimentary Massage for VIPs

VIP guests are exclusively invited to visit our VIP lounges at **Level 1, Hall 2 and Level 2, Hall 8** to receive a FREE 8-minute back and shoulder massage.

Gift Redemption and Lucky Draw

All visitors are invited to our Gift Redemption counter at Level 2 to win RM50 or RM100 Healthland Massage Vouchers in a lucky draw. PLUS like our social media pages to get a FREE name card holder from the organisers.

Exhibitors and Visitors Share Their Phenomenal Experiences

“METALTECH is Malaysia's biggest exhibition for our industry, so we believe by coming here we can increase our reputation and also bring some benefits to all of our customers. The response has been good so far, a lot of people have come by, including many of our existing customers.”

Peng Hak Kham
Sumitec Sdn Bhd | Manager - Sales

EXHIBITOR

“This is one of the great shows that we have attended, we really feel that the atmosphere and environment really can help us get closer to our customers. For this METALECH, we can see quite a number of visitors are from other countries, so this helps to promote our brand across the world.”

W.M. Yap
Mitutoyo (Malaysia) Sdn Bhd
Area and Dealer Manager

EXHIBITOR

“There are a large variety of brands, model and choices for me at METALTECH and AUTOMEX. It opens my mind beyond just local parts and our immediate environment to the other options available in the market. This event is much, much bigger compared to other exhibitions and there a lot of things that I can also learn from here.”

Mohd Saiful Ariff Bakeri
Perodua Manufacturing Sdn Bhd | Engineer

VISITOR

STAY INSPIRED, STAY ENGAGED, AND LET'S CONTINUE TO REDEFINE THE POSSIBILITIES!

ACCURATE TECHNOLOGY & SERVICES SDN BHD BOOTH NO.: 2230

Bowers Digital Pistol Drip Bore Gauge

Bowers' XT3-BT Holematic offers an ergonomic design with a larger and clearer LCD display, along with IP67 electronics protection, proximity output with built-in Bluetooth; allowing bi-directional communication giving greater flexibility for data acquisition and storage.

AMSAW SOLUTION SDN BHD

BOOTH NO.: 4005

E-530

Everising E Series CNC Band Saw Machine

ARCMATIC SDN BHD BOOTH NO.: 4235

ROBOT WELDING AND SYSTEM AUTOMATION

ARS-ROBOTMETA drives welding production by combining state of the art welding robots with our own custom designed automation.

DIAMATIX RESOURCES & ENGINEERING SDN BHD BOOTH NO.: 3316

Screw Ribbon

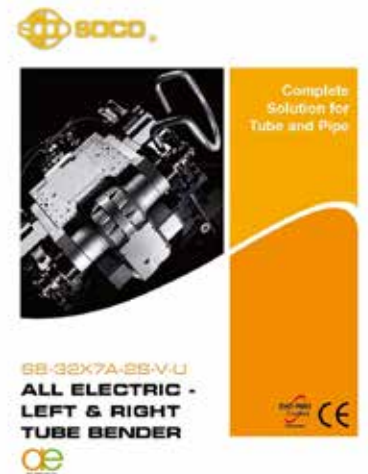

Screw ribbons manufactured from our patented award-winning forming machines are commonly used for the transportation of fluid or granular products, in the form of screw conveyors; and in the construction industry, in the form of augers or drill ribbons.

DOSOCO ENTERPRISE (M) SDN BHD BOOTH NO.: 3315

SOCO MACHINE

SPECIALIZED IN MANUFACTURING MACHINERY FOR THE TUBE PROCESSING INDUSTRY AND PROFESSIONAL SERVICE PROVIDED.

EEPOS MALAYSIA SDN BHD

BOOTH NO.: 2325

Eepos Aluminum Crane System & Lifting Device

Designing aluminum crane system for manufacturing purposes integrated with our Vacuum lifter are able to lift Carton Boxes, Glass, Wood, Metal and Aluminium sheet lifter & Bottles.

ESSMART SYSTEMS SDN BHD

BOOTH NO.: 7010

ESSMART - AUTOMATIC LUBRICATION SYSTEM

Centralized automatic lubrication systems are an effective way to increase machine availability while reducing reliance on scarce talent. These systems provide the appropriate lubrication quantity at the correct intervals, minimizing friction and wear and optimizing bearing and machinery service life.

FUJIKOSHI-NACHI (M) SDN BHD
BOOTH NO.: 7120

NACHI

MZ Series Handling Robot

High speed / high precision compact robot available in protection against dust and water, multiple installation orientations. Large selection of payload from 1 to 25kg.

IDEMITSU LUBE MALAYSIA SDN BHD
BOOTH NO.: 4009

idemitsu

Daphne Alpha Cool CX

Daphne Alpha Cool CX is a general-purpose coolant and recommended use in the turning, drilling, end-milling processes. With excellent emulsibility, high microbial resistance & anti-foaming, good water hardness stability, it makes coolant more stable for very long period.

JAYA S&M SDN. BHD. & JAYA POLIGON SDN. BHD.
BOOTH NO.: 8105

Toyox & Hyundai Power Product

Optimal House Piping Selection Guide. Fluid, Pressure & Temperature selected according to the hoses and couplings. Hyundai Power Product Welding Machine, Intelligent Inverted Water Pump, Air Compressor & High Pressure Washer.

嘉陽機械有限公司
JAYA S&M SDN. BHD.
保利有限公司
JAYA POLIGON SDN. BHD.

IKA AUTOMATION SDN BHD
BOOTH NO.: 7026

FATEK

PLC, HMI, Servo Drives, IoT Solution & SCADA Software **IKAA**

FATEK - TAIWAN No. 1 PLC & HMI - IoT Ready.

FATEK Automation Corp. has strived for R&D in order to provide high-quality, high-function and user-friendly automatic control products. The product line focuses on PLC, HMI, Servo Drive, IoT solutions, SCADA application software, OPC Server and power supply.

IMS MOTIONET SDN BHD
BOOTH NO.: 7020

GENERAL TOUCH TOUCHMONITOR

Touchmonitor using industrial grade LED, with low power consumption, ultra-thin body design, high resolution display and excellent multi-touch interactive experience.

MEP SOLUTIONS SDN BHD
BOOTH NO.: 4245

Mitsubishi Wire Cut EDM Machine

Latest AI Technology of Wire cut machine will give a new experience for future Wire cut machine capability.

NISHIO RENT ALL (M) SDN BHD

BOOTH NO.: 7015

MiR Robots

Experience the next generation of flexible automation with MiR's autonomous mobile robots. These collaborative, user-friendly solutions optimize workflows, reduce operational costs, and increase productivity. Designed for versatile applications, our innovative robots enhance your workplace, driving efficiency and empowering success.

NL SCIENTIFIC MANUFACTURING SDN BHD

BOOTH NO.: 4001

Electro-Hydraulic Servo Control Universal Testing Machine (Multi Wire Steel Strand) 1200kN

Universal Testing Machine used for the mechanics property test such as the tensile, bending, compression and etc to various metallic and non-metallic materials. It can automatically process the test result for statistical purpose and print default or user-defined test report.

NOBLELIFT SOUTH EAST ASIA

BOOTH NO.: 8135

FE4P20Q

The four wheel electric forklift is equipped with Lead-acid battery. With lowered center of gravity and overhead guard, the truck is ideal to be used in limited spaces such as entering elevator.

PRESTAR MARKETING SDN BHD

BOOTH NO.: 8430

INDUSTRIAL SOLUTION PROVIDER

PRESTAR MARKETING SDN BHD has solid partnerships with a vast range of industries, including construction, industrial supplies, DIY concept stores, logistics, e-commerce and warehousing.

Our Core Business:

- Storage Solutions
- Warehouse Solutions
- Material Handling Equipment's

Shaping flows.

In sheet metal working, the choices are endless. And we deliver. From basic cost-effective machines to sophisticated sheet metalworking systems, we can help you streamline your process flows.

We are here to help you, reducing the cost per part, creating seamless operations and increasing throughput. With solutions suited to your varying applications.

Shape your flows with LVD.

REGION SUPPLIERS SDN BHD BOOTH NO.: 2001

Region Suppliers

Mitutoyo U-wave fits

"U-WAVE", the wireless communication system, collects measurement data in the inspection process swiftly and accurately, to increase a company's competitiveness with detailed data analysis. With MeasurLink, "IIOT* of Quality Control envisioned by Mitutoyo" can be achieved.

SANKO PLASTICS (M) SDN BHD BOOTH NO.: 8280

Plastic Pallet

We offer a versatile solution for warehouse or export plastic pallet. Whether you're looking to improve efficiency, reduce costs, or minimize your environmental impact, our plastic pallets are the perfect choice for your business.

UNIPULSE CORPORATION

BOOTH NO.: 7018

UNIPULSE

UTM III (C)

The best product for torque measurement!
It can apply to functional testing, assembly line, durability test with high accuracy and compact size.
Made in Japan & Short lead time : 1 week!!!

ZWSOFT

BOOTH NO.: 7227

ZW3D

ZW3D, an integrated CAD/CAM solution designed for the whole process of product development, features the fastest kernel for Solid-Surface Hybrid Modeling, non-solid mold parting and smart CNC machining strategy from 2-axis to 5-axis.

PET STRAP

Cyklop produces 3 types of Polyester:

"Cyklop Premium", with its tensile strength of 550 N/mm, which is unbeatable in the market, is the first strapping choice for very heavy load units such as printed products, car wheel rims, plasterboards, metal products, wire coils, and plenty more besides. Our jumbo coils are available in lengths of up to 8 km.

"Cyklop Classic" for light and medium applications as well as sharp-edged products keeps its promise: excellent holding power. For example, it is suitable for corrugated cardboard, construction materials, roof tiles, beverage cans, bales of synthetic fiber and hay, sheet glass in boxes, sawn timber, metal products, and others.

"Cyklop PET" Flex is available in strap widths from 12 mm to 18.5 mm and is ideal for hand tool strapping operations.

Technical feature	Premium	Classic	PET Flex
Length per coil in m.	800 - 8,000	800 - 8,300	950 - 2,500
Strap width mm.	12.5 - 18.5	9.2 - 18.5	12.0 - 18.5
Tensile strength in N/mm ²	550	450	400
Tear strength in N	3500 - 11700	1620-8500	2700-6500
Load capacity	Maximum	High	Medium
