METALTECH & AUTOMEX

METALTECH & AUTOMEX 2024 **GRAND FINALE** IS HERE!

Time is running out! If you haven't already visited, don't miss the exhilarating final day of METALTECH & AUTOMEX 2024. In our biggest edition yet, spanning 2 levels and 6 expansive halls, the exhibition space is filled with latest industry innovations, cutting-edge advancements and Industry 4.0 technologies shaping the future of manufacturing. Even if you've already visited, there's still plenty to explore, so don't let this last opportunity slip away!

The energy at METALTECH & AUTOMEX 2024 has been electrifying! Come on over as today is the LAST DAY to VISIT!

**RECORD BREAKING
TURNOUT
THESE PAST 3 DAYS**

2024 attendees on floor exceeded 2023 with an increase of 21.6%,
achieving 19,260!
Stay tuned for the final number on Day 4

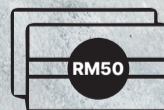

HealthLand

Family Wellness Centre

Get ready to unwind after a busy day at METALTECH and AUTOMEX 2024! We've partnered with **renowned wellness chain HealthLand** to offer you **exclusive relaxation experiences**.

VIP guests can relax and rejuvenate with an exclusive neck and shoulder massage, the perfect way to refresh.

Plus, enter to win an exclusive RM50 voucher for further pampering at HealthLand!

Head to the Gift Redemption Booth on Level 2 to learn more and claim your VIP experiences. Let HealthLand help you unwind and recharge after a productive event!

DAY 3

Congratulations

to our lucky draw winners from
Day 1 to Day 3 taking home Sofitel 3D2N stays and an iPad.

This is not all, there's still **ONE LAST CHANCE**
to win our final lucky draw prize by VISITING TODAY!

The PlayStation 5 is still up for grabs in our FINAL LUCKY DRAW! Will YOU take it home?

Visit METALTECH & AUTOMEX 2024 today to win a brand-new PlayStation 5! There's still time to be a part of today's exciting lucky draw. Simply attend the show and you'll automatically be eligible to win. Don't miss out on this fantastic opportunity!

[Click here to find out more](#)

VISIT US TODAY and be part of this transformative event
at the Malaysia International Trade & Exhibition Centre (MITEC) in Kuala Lumpur!

*T&Cs apply

VIP LUCKY DRAW

CONGRATULATIONS TO our VIP Lucky Draw winner

BOOTH NO.: 3175

Seeing beyond

ZEISS METROTOM 1

ZEISS Industrial Quality Solutions: Your Partner for Multidimensional Industrial Metrology.

Our comprehensive product range includes coordinate measuring machines, optical and multisensory systems, and metrology software tailored for industries such as automotive, aerospace, mechanical engineering, plastics, and medical technology. We offer innovative technologies that enable precise and efficient measurements, helping you achieve the highest quality standards.

DURA TOOLS SDN BHD

BOOTH NO.: 7130

Carbide & HSS Cutting Tools, CNC Chucking System & Measuring Equipment

We specialize in Carbide and HSS Rotary Cutters, Drills, and Taps, and are the exclusive distributor of high-precision chucking systems for CNC Milling and Turning. We offer a wide range of Measuring Equipment, ensuring quality and precision for all your industrial needs.

EA MAX SOLUTION SDN BHD

BOOTH NO.: 7006

Automation & Digitalization

Empower your operations with tailored automation and digitalization solutions from our expert team. We offer custom system design, PLC programming, shop-floor data digitization, and remote monitoring capabilities to optimize efficiency and streamline processes. Our solutions are designed to enhance performance and productivity across your operations.

GWEIKE TECH CO., LTD

LIXIN MACHINERY (M) SDN BHD / Han's Laser Smart Equipment Group Co.,Ltd.
BOOTH NO.: 4250

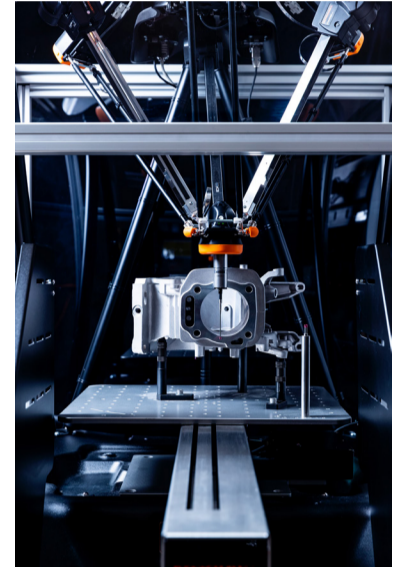

LIXIN HAN'S LASER
大族激光 智能装备集团

We are a leading manufacturer of automated laser cutting equipment, specializing in developing, manufacturing, selling, and servicing high-power laser cutters, tube cutters, and bending machines. We provide a comprehensive range of machinery tailored for metal fabricators and offer advanced laser machinery. Our products are developed through an independent research system, featuring laser power ranging from 3000 to 30000 kW. Our machines ensure precise cutting with features like automatic edge detection, user-friendly interfaces, real-time monitoring assistants, hydraulic lifting, and switching tables. Additionally, our equipment includes a hollow mono-block bed structure, fireproof brick, and an automatic ventilation switching system.

Fiber laser cutting machine

RENISHAW HONG KONG LTD
BOOTH NO.: 2135

Equator™ 500 gauging system

The Equator 500 is accurate within a temperature range of 5°C to 50°C, ensuring reliable performance even in environments with significant temperature fluctuations. Additionally, it is capable of scanning speeds exceeding 200 mm/s, enabling rapid and efficient measurement.

Monitor ERP

BOOTH NO.: 7170

Monitor ERP

Monitor ERP is an award-winning, complete ERP system, developed with over 50 years of experience to effortlessly fit your manufacturing processes.

Monitor elevates your production quality and efficiency by integrating six key modules: Manufacturing, Purchase, Sales, Stock, Time recording, and Accounting, covering all aspects of your manufacturing operations.

What sets our software apart is its user-friendly interface and cost-effectiveness, providing real-time control over shop floor operations. Our "Sustainability by Monitor" functionality enables you to measure and report CO2 emissions at the component level, complying with international and upcoming standards.

Meet us at Booth 7170, Hall 7 for a Monitor ERP demo.

Connect, Partner, Grow

Power Your Network With MGCC®

As official advocate for German industry and trade in Malaysia, the Malaysian-German Chamber of Commerce and Industry (MGCC) facilitates strategic collaborations between German and Malaysian businesses. With a strong membership network of over 450 member companies, we foster a community for engaging bilateral trade partnerships. Be part of the MGCC member community and receive access to member-only events, networking platforms, and premium consultancy services to unleash your potential, elevating successes in Malaysia, Germany, and beyond.

GIANT Series Laser Cutting Machine

SMART Giant is a high-capacity fiber laser system designed for large-format cutting applications with featuring a distinctive modular architecture, this machine offers a base bed length of 12 meter, expandable in 4 meter increments up to a maximum of 40 meter the SMART Giant model is capable of accommodating workpieces with widths of up to 3 meter and thicknesses of up to 100mm

CONFIGURATION

- TwinCut S80 TwinCAT Control System
- YASKAWA Highly dynamic Servo System
- ACCURL BLT Cutting head (Auto Focus)
- High-Pressure Valve AIR, N₂, O₂
- Graphite Anti-burn Technology
- Class IV safety system and CE marking

SIMULTANEOUS AXIS ACCELERATION > 2G

MODULAR DESIGN	LARGE-FORMAT CUTTING	HIGH DYNAMICS	HIGH-TECH CUTTING HEAD
Expandable from 12M to 40 meter for versatile applications	Process large parts continuously, minimizing repositioning	Ensures maximum precision and throughput in large-scale cutting	Designed for high power and 24/7 operation for exceptional cutting performance

Performance	
Max. X-Y speed	180 m/min
Maximum XY acceleration	80 m/s ²
Accuracy	±0.05 mm
Repeatability	±0.03 mm
Working capacity	
Processable metals	Mild steel, stainless steel, aluminum, copper, brass
Maximum sheet dimensions	12,250 mm x 3,100 mm (Smart Giant-12030) 16,250 mm x 3,100 mm (Smart Giant-16030) 20,250 mm x 3,100 mm (Smart Giant-20030) 24,250 mm x 3,800 mm (Smart Giant-24030)

AVAILABLE MODELS: 12m x 3m > 16m x 3m > 25m x 4m
